EC - DECLARATION OF CONFORMITY

The electrical equipment

digital communication system INTRON-D and appertaining peripheral devices

has been designed, constructed and manufactured in sole responsibility by

INDUSTRONIC® Industrie-Electronic GmbH & Co. KG
Carl-Jacob-Kolb-Weg 1
97877 Wertheim/Germany

in compliance with the EC directives

2006/95/EC - Low Voltage equipment
2004/108/EC - Electromagnetic compatibility

applying the following harmonised standards:

EN61000-6-2:2005 Electromagnetic compatibility - Immunity for industrial environments
EN61000-6-4:2001 Electromagnetic compatibility - Emission standard for industrial environments
EN60950-1:2006 Safety of information technology equipment

The technical documentation is available with the manufacturer. Please, pay attention to the Notes on Safety. This declaration certifies the compliance with the mentioned guidelines. It is no assertion of other qualities.

Wertheim, January 2010
