

HMI 05

Hand-held Microphone for Outdoor Intercom Stations

Features and Functions

- Noise-compensating, dynamic hand-held microphone with integrated pre-amplifier
- Can be connected to digital INDUSTRONIC outdoor intercom stations of the DAE 0x5, DAE 7x5 and NRO xx2/DE series
- 3 function buttons
- Safe push-pull connection
- Up to 15 m connection cable
- Mounting bracket for secure hold

The hand-held microphone of the HMI 05 series is a noise-compensating microphone with dynamic microphone capsule and integrated pre-amplifier that can be connected to the digital outdoor intercom station of the DAE 0x5, DAE 7x5 and NRO xx2/DE series from INDUSTRONIC. The push-pull mechanism ensures a safe connection. Use the push buttons to trigger 3 different customer-specific functions.
