

3 HMI 05

HAND-HELD MICROPHONE

FOR OUTDOOR INTERCOM STATIONS

The hand-held microphone is a noise-compensating microphone with dynamic microphone capsule and integrated pre-amplifier that can be connected to the digital outdoor intercom station of the DAE 0x5, DAE 7x5 and NRO xx2/DE series from INDUSTRONIC.

The push-pull mechanism ensures a safe connection. Use the push buttons to trigger 3 different customer-specific functions.

- Noise-compensating, dynamic hand-held microphone with integrated pre-amplifier
- 3 function buttons
- Safe push-pull connection
- Up to 15 m connection cable
- Mounting bracket for secure hold
- Suitable for use with digital INDUSTRONIC intercom stations of the DAE 0x5, DAE 7x5 and NRO xx2/DE series

MECHANICAL DATA
