

## 2 MR 02

### Two-part Module Rack

#### Features and Functions

- Installation of 2 audio modules
- 1 HU – 44 mm
- 230 VAC primary power supply
- 24 VDC emergency power supply
- 2 AF stereo outputs (Prio / Normal)
- 2-pin Cinch outputs

The two-part module rack of the 2 MR 02 series is a part of the INDUSTRONIC communication and public address system with digital interfaces. It serves to house two sound carrier modules (e.g. CD player).

#### Mechanical Data

|                               |   |
|-------------------------------|---|
| • Height x width x depth      | 44 mm x 483 mm x 295 mm, 1 HU<br>(1.8" x 19" x 11.6", 2 RU) |
| • Weight (without any module) | 2,8 kg  |
| • Output connector for AF     | 2-pin Cinch plugs   |
| • Antenna connectors AM / FM  | Screw terminals (AM)<br>75 Ohm Coax plug (FM)               |

#### Electrical Data

|                              |                                |
|------------------------------|--------------------------------|
| • Power supply               | 230 VAC +/-15 %, 50 Hz / 60 Hz |
| • Power consumption          | <55 W                          |
| • Emergency power supply     | 20 VDC bis 29 VDC (24 VDC)     |
| • Current consumption 24 VDC | <1,9 A                         |
| • Output level               | 0 dB (775 mV <sub>eff</sub> )  |
| • Output resistance          | 1 kOhm unsymm.                 |
| • Signal-to-noise ratio      | >68 dB                         |

#### Environmental Requirements and Standards

|  |                                    |
|--|------------------------------------|
| • Ambient temperature during operation | 0 °C to +40 °C (+32 °F to +104 °F) |
| • Relative humidity (non-condensing)   | Max. 95 %                          |
