

# 1 DVDM 01

## DVD/CD/USB/SD/MP3 Player

### Features and Functions

- Adjustable output level
- Repeat mode and random playback function
- Video output on the front/rear side
- For installation in module rack of the 2 MR 02 series
- Power supply from 2 MR 02
- Remote control included

The DVD/CD/USB/SD/MP3 player of the 1 DVDM 01 series provides a video output on the front and on the rear as well as an adjustable output level. The player is installed into the 2-part 2 MR 02 module rack from INDUSTRONIC which also provides the power supply. A remote control is supplied.

### Mechanical Data

- |                          |   |
|--------------------------|---|
| • Height x width x depth | 42 mm x 190 mm x 185 mm, 1 RU<br>(1.7" x 7.5" x 7.3", 1 RU) |
| • Weight                 | Approx. 0.9 kg (approx. 2 lbs)                              |

### Electrical Data

- |                         |                           |
|-------------------------|---------------------------|
| • Current consumption   | 240 mA                    |
| • Signal-to-noise ratio | >60 dB                    |
| • Distortion factor     | <0.2 % (1 kHz)            |
| • Frequency range       | 20 Hz to 20 kHz (+/-3 dB) |
| • Load time             | 6 s (CD) / 12 s (DVD)     |

### Environmental Requirements and Standards

- |  |                                    |
|--|------------------------------------|
| • Ambient temperature during operation | 0 °C to +40 °C (+32 °F to +104 °F) |
| • Relative humidity (non-condensing)   | Max. 95 %                          |
